ウォータージャグ ロングカン

熱湯用

For use with boiling water

取扱説明書

お買いあげ誠にありがとうございます。正しくご使用していただくため、この取扱説明書を必ずお読みください。また、お読みになりましたら、大切に保管してください。

Instruction Manual

Thank you for purchasing this HARIO product.

Please be sure to read this instruction manual thoroughly prior to use. After reading the manual, store it in a safe place for future reference.

Precautions for Use

- ⚠️ Glass is fragile and may break. Handle carefully during normal use and cleaning.
- ⚠️ Do not allow children to use this product. Do not use near children, and store out of reach of children.
- ⚠️ When adding ice, tilt the glass body and gently slide the ice in, to avoid any impact on the glass.
- Wash the product before using for the first time.
- To prevent injury, make sure there are no cracks or chips prior to use.
- Do not use the product if it is cracked, broken, or heavily scratched as it may break unexpectedly.
- Do not strike or scrape the inside of the glass container with a metal spoon. Doing so may damage the product.
- If the product becomes damaged, please handle any broken pieces with care.
- Follow local rules on garbage disposal when disposing of this product.
- Do not place plastic parts near open flames.
- Do not freeze this product when it contains liquid. Allow the product to cool before placing in the refrigerator.
- Always place on a draining board, etc. when pouring in hot liquid, as hot liquid can be dangerous if spilled. Also make sure the product has fully cooled before carrying by the glass body or handle.
- Let any hot beverages put into the glass body cool down to room temperature before pouring.
- Never carry the pot simply by holding the lid. Doing so may result in the glass section separating and falling.
- Adjust the spout of the lid so that it aligns with the spout of the glass body and place your hand on the lid when pouring a beverage.
- Be careful not to abruptly tip the product on its side when pouring a beverage, as this can result in the beverage coming out with great force from places other than the spout and cause lid detachment.

Product care

- ⚠️ Use a soft sponge and neutral detergent to clean this product.
- ⚠️ Do not use cleansers or sponges that contain abrasives, as doing so may scratch the glass.
- The glass body and packing is dishwasher safe. Be sure to read the instruction manual provided with your dishwasher before use. Lid is not dishwasher-safe.
- If the glass is particularly dirty, use a diluted household bleach. Be sure to read the handling precautions of the household bleach thoroughly. Rinse thoroughly with water after bleaching.
- Do not soak the metal parts and the plastic parts in household bleach for long periods of time, as doing so will reduce the durability of the metal parts.
- Please take extra care when cleaning the inner side of the glass. Washing the inner side forcefully with a twisting motion as if wringing a towel can cause breakage and unexpected injury.
