

## FAQ

Cold brew tea pot

**[All cold brew tea pots(except those with a strainer)]**

Q. Where should I put the tea leaves?

A: (for products with a strainer [cold brew tea pot with strainer, etc.]  
Place the tea leaves directly in the tea strainer.

(for products with a mesh filter under the lid [filter-in bottle, cold brew tea pot, etc.]

Place the tea leaves directly in the glass pot. The tea leaves will not come out when pouring as the filter is integrated with the lid.
